

### Strategy Objectives

To build wealth over time by investing in a limited number of large-capitalization companies, using a value-oriented approach to security selection. The strategy focuses on companies with demonstrated records of profitability, conservative financial structures and shareholder-oriented management. Once invested, we hold a position for as long as the fundamentals and valuation remain attractive.

### Strategy Facts

Composite Inception Date 12/31/1972  
Assets in Strategy \$431M  
Assets in Composite \$14M

## Philosophy

### Invest Like Owners

- View common stocks as partial business interests and invest for the long-term
- Focus on growth in value per share
- Look for good stewards of capital

### Value Oriented

- Compare market price against a conservative estimate of business value
- Seek to benefit from market's tendency to discount long-term prospects over short-term issues

### Tax Aware

- Process is intended to result in low-turnover and tax-efficiency

## About the Adviser

Torray LLC is independently owned and located in Bethesda, MD. Since 1972, the firm has managed investments for institutions, high net worth and individual investors. It offers value and growth strategies as mutual funds, separately managed accounts, and unified managed accounts.

The Torray Equity Composite, aka Concentrated Large Value Composite, contains fully discretionary equity accounts. Securities are largely selected from among the value stocks of companies in the S&P 500 Index. The Equity Composite results are time-weighted total rates of return and are measured internally. The performance presented is the asset-weighted composite, which is calculated using beginning of month market values and valued monthly. For comparison purposes the composite is measured against the S&P 500 Index and the Russell 1000 Value Index.

Torray LLC claims compliance with the Global Investment Performance Standards (GIPS®).

Torray LLC is an independent registered investment adviser.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Composite performance is presented net of foreign withholding taxes on dividends, interest income, and capital gains. Withholding taxes may vary according to the investor's domicile. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees since 2015. Net of fee performance prior to 2015 was calculated using the highest annual fee of 0.50% applied quarterly. Actual returns will be reduced by investment advisory fees and other expenses that may be incurred in the management of the account.

Effective October 1, 2005, Robert E. Torray & Co. Inc. and other affiliated entities were merged into Torray LLC. Performance presented prior to this period was that of Robert E. Torray & Co. Inc.'s Equity Composite, and no material change in personnel responsible for the investment management process occurred.

The management fee schedule is as follows: 1.00% on assets up to \$5 million, 0.75% on next \$20 million, 0.50% on next \$175 million; 0.375% on next \$100 million, and 0.25% on balance. Actual investment advisory fees incurred by clients may vary.

The Equity Composite was created on December 31, 1997. Performance presented prior to October 1, 2005 occurred while the Portfolio Management Team was affiliated with Robert E. Torray & Co. Inc. and the Portfolio Management Team members were the only individuals responsible for selecting securities to buy and sell. An independent verification firm performed an examination of this track record; and Independent Verifier's Report is available upon request.

A copy of the ACA Compliance Group verification report is available on request. To obtain a compliant presentation and/or the firm's list of composite descriptions, please contact the firm using the phone number listed below.
