

## Strategy Objectives

The objectives are to earn a high and growing dividend yield while balancing capital preservation with growth of capital. The benchmark is the Russell 1000® Value Index. The strategy employs a concentrated portfolio and invests across the capital structure in predominately large capitalization companies with records of stable and growing revenues, earnings, cash flows and dividends.

## About the Adviser

Torray LLC is independently owned and located in Bethesda, MD. Since 1972, the firm has managed investments for institutions, high net worth and individual investors. It offers value and growth strategies as mutual funds, separately managed accounts, and unified managed accounts.

## Philosophy

We believe

- Consistent revenues and earnings enable excess capital return
- Opportunity lies in the mispricing of risk
- Process is a better bet than information advantage or intuition

We seek

- Strong balance sheets
- Dividends exceeding market averages
- Management teams bent toward shareholder remuneration
- Secular tailwinds that support stability

We are

- Long-term oriented
- Capital preservation advocates
- Committed to our process

## Calendar Year Returns and Dividend Yield

	2014	2015	2016	2017	2018	2019
Dividend Yield <sup>3</sup>	3.7	3.9	3.5	3.2	3.8	3.4
TREI Comp. (net)	11.2	-10.5	23.8	20.5	-7.1	27.4

<sup>3</sup> "Dividend Yield" is dividends paid over the past four quarters divided by the end of year market price.

As of 12.31.2019. Source: Factset. **Past performance and dividend yield are no guarantee of future results.**

TorrayResolute Equity Income Composite includes all discretionary fee-paying portfolios over \$150 thousand managed under the TorrayResolute equity income strategy. The strategy focuses on companies that pay stable and rising cash distributions to shareholders and investments may vary across the capital structure, including common and preferred stock, and convertible debt. For comparison purposes, the composite is measured against the Russell 1000® Value and the S&P 500 indices. The primary benchmark is the Russell 1000® Value. The Russell 1000® Value Index measures the performance of the large-cap value segment of the U.S. equity universe. It includes those Russell 1000 Index companies with lower price-to-book ratios and lower forecasted growth values. Prior to 1/1/2020, the S&P 500 Index was the Composite's primary benchmark and was replaced with the Russell 1000® Value because it is more relevant. This decision was made based on an analysis and comparison of characteristics data and review of other similar products. Effective 1/1/2020, the S&P 500 Index is the Composite's secondary benchmark. The S&P 500 measures the value of stocks of the 500 largest corporations by market capitalization listed on the New York Stock Exchange or Nasdaq Composite. In 2018, the Morningstar® Dividend Composite Index was removed as the Composite's secondary benchmark due to the difficulty in obtaining and consistently updating the benchmark's performance statistics and risk characteristics. Prior to July 1, 2010, this composite was managed by Resolute Capital Management LLC (Resolute). Resolute joined Torray when Torray purchased a majority share of Resolute on July 1, 2010.

Torray LLC claims compliance with the Global Investment Performance Standards (GIPS®).

Torray LLC is an independent registered investment adviser. Registration of an investment adviser does not imply any level of skill or training.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Composite performance is presented gross or net of foreign withholding taxes on dividends, interest income, and capital gains depending on the custodian. Withholding taxes may vary according to the investor's domicile. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees.

The management fee schedule is as follows: 1.00% on assets up to \$5 million, 0.75% on next \$20 million, 0.50% on next \$175 million; 0.375% on next \$100 million, and 0.25% on balance. Actual investment advisory fees incurred by clients may vary.

Composite was created July 1, 2010. The periods from April 1, 2005 to June 30, 2010 represent the performance record established by the portfolio management team while affiliated with Resolute.
